MODPAK cont'd

Advertisement

New Modpak packages have cut production assembly costs 50-75% for a major RF subassembly manufacturer. Engineered for circuit boards operating from DC through several gigahertz. RF Connectors, Board mounting clips, D.C. feedthroughs, covers and all other hardware are included. Complete standard Modpak enclosures cost from $10.00-$15.00 with 1-4 R.F. Connectors. Shipment from stock. Standard sizes from 11/2 x 11/2 through 2x5. Specials up to 3x4 1/2 available in 2 weeks or less. Call collect for engineering help or to request detailed catalog.

NES manufactures a broad range of products which includes: digital clocks, counters, stopwatches, and other panel instruments; data acquisition systems, process control computers, code converters, data logging equipment, automatic traffic loggers, and a wide variety of modular systems components.

In addition to standard products, NES builds custom data systems to customer specifications in single or production quantities. The NES modular systems concept permits quick and economical construction of custom units.

MEASURING MICROSCOPES FOR THE ELECTRONIC INDUSTRY

One of the pioneers in developing Optical Measuring Instruments for the Electronics Industry. We offer the most complete line of Coordinate Measuring and Optical, Electronic and Digital Measuring Microscopes for the measurement and inspection of photo masks, magnetic tape heads, glass masters, chip circuitry, thin film measurements and printed circuit boards.

Please request free copy of our new "Integrated Circuit Optical Inspection Laboratory" catalog.

Advertisement

Ultra low noise (IDB typical) transistor amplifiers for use with infrared detectors and electrical transducers; voltage mode, current mode and automatic bias control. Standard models are available to match all infrared detectors and transducers produced in the U.S. and Europe. Multi-Element amplifier arrays are available in all operating modes with hybrid modules containing up to 100 signal channels. Standard secondary function amplifiers such as; logarythmic, AGC, video, RF, etc., are also available from stock.

Advertisement

QUALCO manufactures relay testers, as well as Kelvin-type (dual contact) relay test sockets in more than 500 different configurations including TO-5 types. Entire product line formerly produced by EECO and, then, Photologic Co.....now produced by QUALCO. Write for literature containing detailed listing of 500 relay sockets for which we are already tooled.....maybe the socket you need for that relay is already available from us.

Advertisement

Thermo-Energy Converters Corp. manufactures high efficiency thermoelectric generators in 10W to 1300W range, operating on commercial fuels. DC outputs: 1.5V to 48V; AC outputs up to 220V. TECC generators serve as power sources for remote microwave and other telecommunication equipment, marine and aeronautical systems, beacons, remote traffic signals, emergency power, corrosion protection, and any applications where unattended automatically controlled electricity generation is required. Constant voltage models and hybrid models delivering power in milliseconds are available.

Lower priced T.E. Generators/Battery Chargers for less demanding applications are also available in quantity orders.

"Special cable, connectors, patching and switching for Video, T.V., data, and instrumentation systems. Patching includes patch panels, patch cords, and many special accessories in coax, triax, twinax, and quadrax noise-rejecting cable systems. Switching includes custom built matrices and multipole - multithrow relays including Digital control for coax, isolated coax, triax and twinax cable systems. Frequencies from D.C. up through 3 GHz. Technical discussion of noise rejecting cable systems in catalog."

Distributors Directory
ALPHABETICALLY AND GEOGRAPHICALLY ARRANGED

This directory consists of two sections ... alphabetic and geographic listings of more than 1,000 electronic distributors and their branch locations. **The alphabetical listing,** which appears first, lists name, address, telephone number, and name of key sales executives for each distributor listed. Listings are in complete alphabetical order, regardless of location in the country.

The geographic portion of the directory (which follows the alpha listing), by contrast, lists distributors by state, alphabetically, and alphabetically by city within that state. The listing for each distributor duplicates the information that appears for him in the alphabetical listing. If you know the name of the distributor you want to reach, you can find it quickly in the alpha directory. If you need to know who the distributors are in your area, use the geo portion of the directory to determine a complete listing of distributors in any given city or state.

This directory was completely revised and updated for this edition prior to publication. Thus the information is current as of Spring 1973.

DISTRIBUTORS DIRECTORY — ALPHABETICAL

— A —

A-Mart Inc., 190 W. Passaic St., Rochelle Park, N. J. 07662, (201) 845-9505, Branch Mgr.: R. De Yoreo

This is the last page of the ALPHABETICAL LISTING OF DISTRIBUTORS.
The Geographic Listing follows

Distributors Directory
GEOGRAPHICALLY ARRANGED

This is the geographic listing of more than 1,000 electronic distributors and their branch locations in geographic arrangement. It lists distributors by state, alphabetically, and alphabetically by city within that state. The listing for each distributor duplicates the information that appears for him in the preceding alphabetical listing. If you know the name of the distributor you want to reach, you can find it quickly in the alpha directory. If you need to know who the distributors are in your area, use this geo portion of the directory to determine a complete listing of distributors in any given city or state.

eem
electronic engineers master
1973-74

This directory was completely revised and updated for this edition prior to publication. Thus the information is current as of Spring 1973.

It took more than talk to make us the best source for

BUNKER RAMO

AMPHENOL in New England.

from stock:
- Rack and Panel Connectors
- Printed Circuit Connectors
- Power Connectors
- RF Coaxial Connectors
- RF Coaxial Switches
- Amphenol/Barnes I.C. Sockets

Our Amphenol connector assembly capabilities include:

MIL-C-5015 assembly for MS and AN Series Connectors to the called out military specification (MIL-C-21097, MIL-C-26500, MIL-C-83723, MIL-C-26482, MIL-C-38300, MIL-C-39012, MIL-C-81511); keying of 143 Series Printed Circuit Connectors; keying of 225 Series-printed circuit series and assembly of 67 Series. Marking to customer specification.

Lafayette is known as distributors of semi conductors and tantalum capacitors exclusively

Lafayette is known for its in-depth inventory

Lafayette is known for on-time deliveries

And . . .

we're also known by the company we keep...

. . .and because Lafayette is right next door to both JFK and La Guardia airports, your order is only an air freight shipment away.

CONCENTRATED

Peerless is more than just a "distributor." (1) America's high quality manufacturers **concentrate** their products at Peerless. (2) Peerless **concentrates** its Inventory Centers on a limited number of product categories. (3) Peerless **concentrates** its time and training on many exclusive services for its clients, services far beyond on-time deliveries at the best price. Peerless — your **concentrated** source for services and products. **Peerless Radio Corporation.** In N.Y.: 19 Wilbur Street, Lynbrook, L.I., Phone: (516) 593-2121; TWX 510-225-8422; Cable: PEERADIO. Lafayette is known as distributors of semi conductors and tantalum capacitors exclusively

Lafayette is known for its in-depth inventory

Lafayette is known for on-time deliveries

And . . .

we're also known by the company we keep...

. . .and because Lafayette is right next door to both JFK and La Guardia airports, your order is only an air freight shipment away.
